Making Life Brighter

S610

d.light S610

Mobile-charging Lantern

The d.light S610 is an omni-directional solar lantern that is designed to provide bright 360-degree lighting to allow multi-tasking at home. The S610 provides over 15 hours of soft ambient light on a single charge, and supports smartphone-charging through its USB port. Its versatile handle makes it easy to hang on a wall or be placed on any surface.
